• A Theatrical Tour de Force Celebrating Women in Science •

Hedy Lamarr, glamorous siren of the silver screen, was more than “The Most Beautiful Woman in the World”. She invented Frequency-Hopping Spread Spectrum Technology that makes the world of wireless communication tick. From Austria to Hollywood, WWII, torpedoes, ecstasy, and intrigue to the very cell phone in your pocket, Hedy Lamarr is there!

FOR: Theatres, PACs, Arts Festivals, Universities, Schools, Science Festivals, Science Centers, Jewish Centers, Museums, Libraries, STEM & STEAM Events, Technology Conferences

OUTREACH: Q&As, Panel Discussions, Lectures, Class Visits, Master Classes, Workshops, Hedy Lamarr Film Festivals

Playing Venues 35 to 3000 seats

Ages 12 to 100+

Heather Massie enchants the audience as Hedy Lamarr, along with Jimmy Stewart, Bette Davis, Louis B Mayer, and more! A 36-character solo play where the audience summons Hedy to unearth the truth behind how a glamorous Hollywood film star could create an invention used in our cell phones, WiFi, GPS, & Bluetooth, launching today's wireless technology revolution!

TESTIMONIALS

“It was the perfect show for BB’s Stage Door Canteen. Our audiences left excited about the history and about Hedy Lamarr - raving about the show, telling all of their friends, and asking for more.”

-- Erica Jensen, Director of Entertainment, National WWII Museum, BB’s Stage Door Canteen, New Orleans

“We hosted the show as part of our annual science festival. We presented it to a wide range of audiences from adult to university to high school. I was so impressed at how the show connected with audiences in each of those categories – children, students and adults alike were delighted and intrigued by this amazing story and the dynamic way in which it was presented in this one (wonder-) woman show!”

-- Derek Fish, Director, Unizulu Science Centre, University of Zululand, South Africa

“‘HEDY! The Life & Inventions of Hedy Lamarr’ was a delight for our audiences to watch. Heather Massie portrays Hedy Lamarr exquisitely and is a delight to work with. It reaches all audiences young and old, those interested in the sciences, arts, history, you name it this show will check that box for all your niche audiences.”

-- Dennis F. Malak, Director of Programming, Doudna Fine Arts Center, Eastern Illinois University
